Together for a Cleaner, Brighter Future of the Laundry Industry

As the time flies, we gather for TXCA&CLE 2025 once again. On behalf of the Laundry Business Committee of CGCC, I would like to express our heartfelt appreciation to all domestic and international enterprises, associations and professionals who have long supported the development of both the industry and this exhibition. It is through our shared journey that this platform has grown stronger and more innovative year after year.

We believe that a high-quality exhibition is more than a showcase of technologies—it is a vital arena for ideas to converge, for innovation to emerge, and for China's laundry industry to engage with the world. Guided by the vision of "bringing together global expertise and technologies for a clearer sky, purer water, and cleaner clothes", we have always aimed to make this event a promoter for progress and transformation across the industry.

TXCA&CLE has never ceased to evolve. This year, we are delighted to witness a diverse array of exhibitors from home and abroad presenting their latest innovations, cutting-edge equipment, and sustainable solutions—offering new inspiration and opportunities to all participants. We extend our sincere thanks to our partners whose dedication has made this event successful.

Despite the challenges our industry still faces, laundry and cleaning services remain essential to the quality of everyday life. With continued professionalism and collaboration, we are confident that the industry will keep advancing toward a more sustainable and prosperous future.

We wish TXCA&CLE 2025 and its concurrent events every success, and hope every participant a rewarding trip!

We're thrilled to introduce 66 debuting exhibitors alongside established global leaders, who will showcase cutting-edge advancements in automation, sustainability, and operational efficiency.

The exhibition reflects the growing demand for intelligent, eco-friendly, and energy-efficient solutions in China's textile care industry. Visitors will encounter a diverse range of technologies and services, including advancements in automation, artificial intelligence, and digital integration that enhance operational efficiency and foster innovation. Practical solutions for water and energy conservation and sustainable business models will also be on display, alongside adaptable offerings tailored to diverse market needs such as personalised laundry services, high-end fabric care, and group workwear cleaning. These innovations address both local and global trends, ensuring the industry continues to evolve sustainably and effectively.

To explore these topics in greater depth, TXCA & CLE 2025 will feature a series of high-profile concurrent events and forums, including the 6th World Laundry Industry Conference and Brand Gala, the Medical Textile Cleaning High-Quality Development Forum, the Commercial Textile Cleaning Forum, and China Laundry Manufacturers Globalization Development Forum. These sessions aim to provide invaluable insights into industry trends, foster collaboration, and drive the sector toward greater innovation and growth.

We extend our gratitude to all industry associations and international delegations supporting the event. The number of long-term overseas supporting organisations for TXCA&CLE has now reached 22, spanning 14 countries and regions across Europe, the Americas, and Asia. This strong global participation underscores the event's growing international significance.

Lastly, we are deeply grateful to our partners, the Laundry Committee of CGCC, the China Light Industry Machinery Association, and Unifair Exhibition Service Co Ltd, for their invaluable contributions.

Thank you for joining us at TXCA & CLE 2025. We wish you a productive and inspiring experience.

欢迎辞

Welcome messages

金秋送爽，硕果盈枝。在这充满希望与收获的深秋时节，我们齐聚上海新国际博览中心，共同迎来 2025 中国洗涤展的盛大开幕。我谨代表主办单位之一新之联展览公司，向远道而来的各位业界同仁表示最诚挚的欢迎和最衷心的感谢！

过去一年，洗涤行业在绿色转型与数字融合的浪潮中稳步前行。低碳洗涤、水循环利用、生物基洗涤剂绿色技术日益成熟，推动可持续发展理念转化为行动，成为行业高质量发展的关键力量。与此同时，AIoT（人工智能物联网）等前沿技术正推动智能洗衣方案的普及与落地，为生产端与消费端带来更高效、更节能、更便捷的体验。

在此背景下，行业创新格局持续扩宽。工商业洗涤领域积极布局智能工厂与智慧管理系统，民用市场则加快品牌化与场景化升级。技术进步让设备更高效节能，数字化应用让服务更精准智能，新消费趋势的兴起也促使企业从单一产品竞争转向整体解决方案的价值创新——洗涤行业正在以更开放的姿态，迈向一个绿色、智能、共融的新阶段。

在全球供应链重构与区域市场深化的背景下，中国洗涤展将继续以国际化视野和专业化平台，助力企业洞察趋势、链接资源、拓展商机。让我们携手把握绿色智造的时代机遇，共同书写行业高质量发展的新篇章。

衷心祝愿本届展会圆满成功，祝愿各位来宾与展商在本届展会上商机广进、满载而归！

In this golden season of hope and harvest, we gather at the Shanghai New International Expo Center for the grand opening of TXCA&CLE 2025. On behalf of Unifair Exhibition Company, one of the organizers, I extend a warm welcome and sincere gratitude to all industry peers who have joined us here.

The laundry industry has advanced steadily over the past year amid green transformation and digital integration. Technologies like low-carbon cleaning, water recycling and bio-based detergents have matured, turning sustainability into practice and driving high-quality industry development. Meanwhile, cutting-edge innovations such as AIoT are fostering the adoption of smart laundry solutions, delivering greater efficiency, energy savings and convenience for both producers and consumers.

Against this backdrop, the industry is witnessing expanded innovation. The commercial and industrial sectors are deploying smart factories and intelligent management system, while the consumer market is accelerating brand and scenario-based upgrading. Technological progress is enhancing equipment efficiency, digital applications are refining service precision, and shifting consumer preferences are pushing companies to evolve from product-centered competition to integrated value-driven solutions. With an increasingly open mindset, the industry is stepping into a new stage defined by sustainability, intelligence and integration.

Under the reshaping of global supply chain and the penetration of regional market, TXCA&CLE will continue to serve as an international and professional in abundance of trends, resources and opportunities. Let us join hands to embrace the era of green manufacturing and a new chapter of high-quality development for the industry.

I sincerely wish TXCA&CLE 2025 a great success and all participants and exhibitors fruitful outcomes!
