TXCA&CLE drives the smart transformation of the laundry industry

In 2024, the International Trade Fair for textile laundry, leather care, cleaning technology and equipment (aka "TXCA&CLE") once again achieved new heights. The exhibition saw a historic breakthrough in both the number of visitors and participating countries, contributing to the development of the global laundry industry.

From 12 – 14 November, 2025 in Shanghai, China, will once again become the focal point of the global laundry industry. The exhibition will bring together advanced laundry technology, innovative products and green environmental protection solutions from home and abroad, and drive the industry to move towards intelligence, environmental protection and efficiency.

TXCA&CLE has built a platform for the industry to showcase technology, exchange knowledge and engage in cooperation, and has weaved a business network full of opportunities and potential for industry players. Its influence is evident not only in the active participation of global industry professionals, but also in the industry trends and technological innovations it drives, providing a significant boost to the evolution of the laundry industry.

High praise from 2024 exhibitors & visitors

"I believe that the major advantage of participating in this exhibition is the effective platform it offers for communication with laundry industry professionals from around the world. Every year at TXCA&CLE, we meet many like-minded customers, and at this edition, our booth has attracted the attention of customers from all over Asia, so we are very satisfied with the result of our participation."

Mr Lv Liyi, Chairman, Shanghai Weishi Machinery Co Ltd

"We attend TXCA&CLE each year, aiming for in-depth exchanges with our peers and to connect with domestic and international customers. This year, we showcased innovative products including our advanced washing machine technology, cleaning and disinfection solutions for hospital mattresses as well as steam-free laundry solutions. Throughout the three-day exhibition, we have discussed the industry's needs with many industry professionals and have gained substantial insights."

Mr Chen Hong, Chairman, Jiangsu Sea-Lion Machinery Co Ltd

"As a leading platform in Asia, TXCA&CLE plays a crucial role in moving the industry forward and helping laundry professionals adapt to emerging trends. The flow of visitors has been very high at this year's show and it was exceptionally busy at our booth, with many people interested in our technology and operations. I look forward to participating again at next year's edition."

Mr Keisuke Uchikoshi, Executive Vice President, Sankosha Manufacturing Co Ltd

"The main purpose of our participation is to introduce advanced energy-saving and environmentally friendly concepts and high-quality, intelligent cleaning products to our clients in China. The quality of customers attending this year's exhibition is very high, predominantly from industry-leading companies, who have shown significant interest in our products. We're in discussions with several of them who are eager to explore business opportunities with us."

Mr Yong Lei, Sales Director, Shanghai Hanhong Precision Machinery Co Ltd

"Our association attends TXCA&CLE annually, with around twenty members present this year. Given the urgent need for upgrades in Malaysia's laundry industry, the fair's innovative products and market insights are vital for us. Every year, we discover new equipment and technological advancements, which we aim to bring back to Malaysia to boost productivity and efficiency. We always strongly encourage our members to attend the show to better understand the current state of the industry."

Mr Kenny Chiew Chi Kin, Vice President, Malaysia Laundry Association
